for your time and investment***

What's Merchant Navy

A **merchant navy** or **merchant marine** is a country's commercial shipping, as opposed to that involved in military activity; involving a fleet of merchant vessels.

Seafarer, is the most sought job in Merchant Navy

Ironically ,World's 90% transportation of Trade moves by Sea. Merchant Navy also contributes heavily to a country's foreign exchange reserves...

India, a big opportunity

- India has a coastline of 7, 517 KMs
- Currently 82,000 Indian seafarers are working on-board ships globally
- Currently India has 13 major ports and 200 minor ports, which would be doubled in the coming time due to the growing economy
- India being a growing economy, all major transportation in future shall be through sea

Modi Govt. is already working to make India as major country of seafarers in Asia; growing from 6% currently to 15%, in the next 10 years

Nature of Job

Seafarer is a person who navigates waterborne vessels or assists as a crewmember in their operation and maintenance.

- **Deck**

A navigational unit, watch standing, maintenance of ship's hull, accommodation & safety appliances

- **Engine**

Smooth functioning of the ship technology, operate & maintain propulsion.

- **Ratings**

Officers on the ships handling electrical, fitting, pumping, etc. operations

Type of Ships
